PROFILE SUMMARY

Software Developer with 3+ years of experience in developing and supporting Java-based enterprise applications within the banking domain. Skilled in Java, JSP, Servlets, JavaScript, SQL, PL/SQL, Oracle Database, and API development, with hands-on experience across NPS, PPF, SSA, SCSS, Pension, NSS, APY, Bond, and SI modules. Experienced in application development, debugging, UAT, production support, and deployment across DEV, UAT, and Production environments. Proficient in version control and project tracking tools such as Git and JIRA, with a strong commitment to delivering reliable, scalable, and high-quality solutions within defined timelines.

KEY SKILLS

- **Programming Language:** Java
- **Java Web Technologies:** JSP, Servlets
- **Frontend Technologies:** JavaScript, HTML, CSS, AJAX
- **Framework**: Spring Boot
- **Database:** Oracle Database, SQL, PL/SQL
- **Architecture & Design:** MVC
- **API & Integration:** REST APIs, JSON, Core Banking Integration
- **Tools:** Git, JIRA

WORK EXPERIENCE

INSPIRISYS SOLUTION LTD. - SOFTWARE DEVELOPER | MAR 2023 – PRESENT

GBM DEVELOPMENT TEAM | Sep 2024 - Present

- Collaborated with multiple banks, including AXIS, IOB, KTK, PNB, and BOB, ensuring seamless integration of the GBM application into their existing systems.
- Developed and maintained Java/JSP-based GBM banking applications across NPS, NPS Vatsalya, PPF, SSA, SCSS, Pension, NSS, APY, Bond, and SI modules.
- Delivered bank-specific customizations and enhancements across DEV, UAT, and Production environments.
- Developed APIs, reports, schedulers, and Oracle SQL and PL/SQL procedures for banking and transaction-processing functionalities.
- Implemented key functionalities including NPS Vatsalya customizations, Account Portability, NSS-CERT enhancements, and Bond Auto Redemption processing.
- Analyzed and resolved application issues involving Java, JSP, SQL, PL/SQL, schedulers, and database transactions.
- Handled UAT observations, production defects, patch deployment, post-production support, and stakeholder coordination.

ODC TEAM - AXIS BANK | Sep 2023 – Aug 2024

- Developed and supported NPS and Pension GBM applications using Java, JSP, Servlets, JavaScript, SQL, and PL/SQL.
- Developed banking functionalities, REST APIs, notification integrations, file upload modules, and payment-related enhancements.
- Worked on SI processing, PRAN-related APIs, Corporate NPS, Pension Payment, Payslip, and multithreaded batch-processing functionalities.
- Performed debugging, defect resolution, UAT/Production support, patch preparation, and coordination with QA and business teams.
- Integrated applications with Core Banking systems and external APIs for secure transaction and customer communication processing.

SOFTWARE DEVELOPER INTERN | Mar 2023 – Aug 2023

- Developed and enhanced Java/JSP functionalities for banking modules including PPF, SCSS, Bond, and Audit Trail.
- Worked with Java, Servlets, Oracle SQL, and PL/SQL for application and database development.
- Supported API integration, debugging, testing, defect resolution, and QA activities.

EDUCATION & QUALIFICATIONS

Bachelor of Engineering in Computer Science and Engineering | Anand Institute of Higher Technology	2019-2023
HSC in Mathematics with Computer Science | Sacred Heart Matriculation Higher Secondary School	2017-2019
